

Academic Lab  
Room 540

We have two goals in Academic Lab:

1. Keep grades up in classes
2. Develop our reading, math and writing skills

Each day, you will:

- ✓ Check your grades
- ✓ Get a Blue Ribbon on your IXL assignment
- ✓ Complete assignments on Google Classroom

Grading:

You will get 2 grades per week in this class:

1. For your effort on my assignments
2. For keeping your grades at or above D

Rewards:

On Fridays, if you are passing all of your classes and have completed the work for my class, you may have a free day. If you are not passing a class, you will use that time to make up missing assignments. If you have an unexcused absence or if you choose not to do your work, you will use Friday to make up work for me.

During class time, you may:

- work on assignments for other classes
- Re-take tests/quizzes for other classes
- Complete the assignments I give you

Once these are done, you may get on your phone. You should not be on your phone during work time.

By signing, I acknowledge that I understand these expectations. If I ever have questions about what is expected of me, I will ask Ms. Locklear.
